

HAIR + MAKEUP

TRIAL Q & A'S

WHEN DO I SCHEDULE?

These are typically done within 3-4 months of your wedding date. While they are not required, we highly encourage booking them! Bridal party members are also welcome to schedule trials if they'd like one.

HOW MUCH ARE THEY?

Trial runs typically last 1.5 hours for one service or 2.5-3 hours for both hair and makeup. It is \$150 per service or \$300 for both. Trials are cash only due the day of your trial. It is the same timing and pricing for bride or bridal party receiving trial run services.

WHEN CAN I SCHEDULE?

We suggest reaching out to us about a month before you'd like to schedule your trial so we can give you upcoming availability. Unfortunately, we do not do trials on weekends during peak bridal season due to weddings. We have weekday availability only.

WHO CAN I BRING?

We ask that you please limit one guest along with you and highly encourage you to bring your 'hype up' friend vs your 'brutally honest' friend. We want you to walk out feeling your best with the look that YOU want.

DO I NEED INSPO PICS?

While not completely necessary, we do find it helpful if you bring no more than three inspiration photos for both hair or makeup. We ask that you please bring inspiration photos of models that have similar hair/skin coloring to yours.

BEFORE THE APPT.

We want you to have the best makeup application possible! To ensure this, we ask that you please dermaplane your face seven days before the trial. This will help the makeup lay nicely on your skin and blend more seamlessly. Please tweeze/thread/wax eyebrows into desired shape beforehand.

WHAT ABOUT HAIR?

Hair should be "lived in", but not "dirty". Washing and blowing dry within 12-15 hours of your trial is generally the perfect timing! If you have any hair pieces you'd like to incorporate, feel free to bring them with you.

MAKING CHANGES

We are absolutely more than happy to make changes! After wearing the makeup or hair style for a few hours, if anything isn't feeling true to you or isn't wearing as nicely - we'll make changes! Typically, your hair/makeup will be a bit less locked in than day of so that we can make easier changes during the trial - don't worry if it isn't staying as perfectly the rest of the day!
